

Society for Chemical Hazard Communication Professional Development Training

HazCom Registry Preparation Workshop

Saturday-Sunday, September 26-27, 2015
Marriott Crystal Gateway Hotel Arlington, Virginia

Course Description

This workshop is designed to assist hazard communication professionals preparing to sit for the AIHA Registry's Competency Assessment for the SDS and Label Authoring Registry. This course will address both the knowledge and skills portions of the assessment by focusing on the eight rubrics defined as the body of knowledge for SDS and label authoring and by incorporating workshop activities for each rubric.

This is not intended to be an introductory course. Rather, participants should have much of the education, training and experience expected by the AIHA Registry. Participants can use this course as a final "tune-up" prior to sitting for the Competency Assessment or as an initial assessment of their knowledge and skills within a comprehensive Assessment preparation strategy.

Intended Audience

Hazard communication professionals preparing to sit for the AIHA Registry's Competency Assessment for the SDS and Label Authoring Registry (www.aiharegistries.org).

Course Director/Instructor

Robert Skoglund, Ph.D., DABT, CIH

Dr. Skoglund is presently working on special projects at 3M including the hazard classification of base chemicals, the development of occupational exposure limits, and the assessment of downstream user obligations under EU REACH.

Instructors

Denese A. Deeds, CIH

Denese Deeds is the Director of Chemical Regulatory Services and co-founder of Industrial Health & Safety Consultants, Inc. In this role she prepares SDS and other hazard communication documents and assists companies with overall chemical regulatory compliance.

Society for Chemical Hazard Communication **Professional Development Training**

Douglas Eisner, M.S.

Doug Eisner has extensive experience managing comprehensive environmental, health, and safety programs, including authoring numerous Safety Data Sheets and product labels, for Fortune 500 companies in the US and he has recently retired from Siemens Water Technologies. He has been a member of SCHC since 1986 and has served two terms on its Board of Directors. Mr. Eisner currently is the Society's Arrangements Chairman. Mr. Eisner holds a BS in Chemistry and an MS in Organic Chemistry from San Jose State University and is a Registered SDS and Label Author.

Chandra D Gioiello, M.S., CIH

Chandra Deeds Gioiello is a senior consultant with Industrial Health & Safety Consultants, Inc. She assists in the preparation of SDS and other hazard communication documents. She focuses on global regulatory compliance.

Robert Roy, Ph.D., DABT

Dr. Roy is a Lead Toxicology Specialist at 3M in St. Paul, Minnesota. His primary responsibilities include assessing the human health hazards and safety of products and other materials for several 3M business units. In addition, he leads the development of the 3M Occupational Exposure Guidelines; and plays a leadership role for California Proposition 65 compliance, consumer product labels, and hazard determination, hazard communication, and human risk assessment issues.

Course Fee

\$750.00 for members

\$840.00 for non-members
