

## SCHC Outreach & Communications Committee Call

27 October 2016

Attendees: Gary W., Danielle S., Beth B., Sylvia, Beth T.

### Topic: Training Guide

First completed draft of the Hazcom Training for Schools slide deck and accompanying script document has been provided to both the BOD and OSHA (via the OSHA Alliance Committee) for review/comments. The next scheduled BOD meeting is 17 Nov – Beth B. will report back to the O&C Committee on comments from the BOD. Once all review items have been received we can make draft revisions as necessary. Beth B. also suggested that we provide her with a distribution plan (prior to the 17 Nov meeting) so that she can communicate this to the BOD as well. Danielle will reach out to Denese for thoughts on a potential distribution plan.

### Topic: Committee Leadership

The SCHC BOD has approved Elizabeth (Beth) Tanner as a replacement for Committee Co-Chair Denese Deeds. Congratulations to Beth and a huge Thank You! to Denese for her years of outstanding service.

### Topic: BOD Meeting update

Beth B. provided the Committee with an update on information from the latest (October) BOD meeting, including the following items of interest:

- 1 – Inclusive of the O&C Co-chair appointment, there have been 5 new BOD approved Committee Chairs
- 2 – Discussion on the outcome of the Fall 2016 SCHC Meeting webcast, including identification of several issues with the webcast that will need to be resolved before the next proposed broadcast (most likely at the Fall 2016 Meeting)
- 3 – BOD is working on possible formation of an Alliance Committee with the Product Stewardship Society
