

ULTRUS™

Enabling robust product stewardship and compliance

SCHC annual meeting

Sam LaPoint
Sept. 21, 2024

About UL Solutions

We work with
+60% of
Fortune and Global 500
 and **80,000+**
 companies.***

UL Solutions ranks **No. 1** globally on brand strength out of 11 global TIC and adjacent category brands per 2,124 decision-makers across 13 countries.*

Driven by U.S. FDA** participation, our ComplianceWire® software platform has delivered a **half billion+** compliance trainings across healthcare and life sciences industries in 130+ countries.

We sit on **1,300+** standards panels and other technical committees.

Over the past 10 years, our sustainability certifications have been referenced in

1,000+
sustainable product specifications
 or purchasing guidelines around the world.

Our diverse customers are based in **110+ countries**.

UL Marks appear on **billions** of products globally.

Our mission-driven employees are based in **40+ countries**.

ULTRUS™ unites our
flagship software to help you
meet regulatory, supply chain
and sustainability challenges.

Build deeper and broader connections between

the **people** in your work force,

the **products** you create

and your impact on the **planet**.
