**Advanced Topics in EHS:
Genotoxicity, Mutagenicity and Carcinogenicity**

Monday, September 22, 2025 – PM Course
Grand Hyatt Washington – Washington, DC

Course Description

The Advanced Topics in EHS series of courses are designed to expand on topics that are introduced in the basic SCHC courses. The topics of genotoxicity, mutagenicity, and carcinogenicity are introduced in the course *Toxicology for Hazard Communication*.

The goal of this course is to provide participants with an understanding of the topics of genotoxicity, mutagenicity, and carcinogenicity. Emphasis is placed on an understanding of the basic science of these topics and an introduction to the technical skills and background necessary to develop, evaluate, and apply hazard determinations, hazard classifications, and risk assessments involving genotoxicants, mutagens, and carcinogens.

This is an advanced course. While there are no formal prerequisites for this course, it is recommended that participants have a working knowledge of SDS and labels and that they have either taken the SCHC course *Toxicology for Hazard Communication* or be comfortable with the basic principles of toxicology.

Intended Audience

Hazard communication and product stewardship professionals looking to expand their understanding of genotoxicity, mutagenicity, and carcinogenicity and broaden their hazard communication and product stewardship skills.

Course Fee:	\$305 / members	\$450 / non-members

Course Director — Robert Skoglund, Ph.D., DABT, CIH, CPPS

Instructor

Catherine F. Jacobson, Ph.D., DABT

Dr. Jacobson is a Lead Toxicology Specialist at 3M Company. Her primary responsibilities include assessing the human health hazards and risks of raw materials, chemical intermediates, and products for several 3M business units. In addition, she oversees the authoring of hazard communication documents and develops comprehensive health hazard profiles for chemical substances important to 3M.

Monday, September 22, 2025 – PM Course
Grand Hyatt Washington – Washington, DC

Instructor

Robert Roy, Ph.D., DABT, Fellow ATS

Dr. Roy is the Managing Principal Toxicologist at Northland Toxicology Consultants, LLC, where his focus is directed towards, but not limited to, conducting human health risk assessments and developing various health-based values, including OELs, ADIs, PDEs, DNELs, and NSRLs, for the industrial chemical, consumer product, pharmaceutical and medical device sectors. Rob retired from the 3M EHS/Product Stewardship Group in 2023 as a Staff Scientist.

Course Topics and Agenda (Subject to Change)

12:00 to 1:00pm	Registration
1:00 to 5:00pm	• Basic Science of Genetic Material • Genotoxicity • Mutagenicity • Carcinogenicity

Course Materials

SCHC is transitioning course materials for professional development courses at the Annual Meeting from paper to digital format. The digital materials will be similar to those used in SCHC's distance learning courses. Your course fee includes access to these electronic materials, which you can download before the meeting. This year will be a transition year, and you can still request a notebook of the materials for an extra fee: \$45 for half-day courses and \$65 for full-day courses. Notebooks must be ordered when you register. Notebooks will be available for pick-up at the conference. Embracing digital course materials aligns with sustainability goals and fosters an eco-friendly and technologically advanced approach to professional development.

Registration

Admission to the course will be on a first-come basis. Payment must be received by August 22, 2025, to secure your space. Space is limited. Fill out the registration form located on SCHC's website: www.schc.org. SCHC accepts checks, Visa, MasterCard and American Express.

Cancellation Policy

No refunds will be given after August 22, 2025. No one will be admitted to the course unless all fees have been paid in advance. Every effort has been made to ensure the information in this brochure is accurate. SCHC reserves the right to modify this course without prior notice or to cancel the course 30 days prior to the course date. In the event this course is canceled, SCHC's obligation is limited to a full refund of the course fee.

Hotel Accommodations

A hotel room block has been reserved at the Grand Hyatt Washington, located at 1000 H St. NW, Washington, DC. Rates start at \$299 for a standard room. Deadline for hotel reservations is Friday, August 29, 2025. Click here to make reservations. <https://www.hyatt.com/en-US/group-booking/WASGH/G-SCH5>.
