E-MAIL: lizabeth.demarais@computype.com

WEB: www.computype.com

Labeling in the manufacturing environments can be a challenge - labels often need to withstand harsh manufacturing processes, yet continue to read for the life of the product. With custom label stocks and adhesives, Computype has provided manufacturers barcode labeling technologies for years. Computype specializes in engineering label solutions to meet the rigid standards of the Globally Harmonized System (GHS) for Hazardous Communication. No matter where you stand in regards to GHS preparation, we're here to guide you through - step by step.
