

**China Update:
GHS Requirements, 2 100% Inspection Process**

**Cloris Pan, Manager of GHS Division of R&D Center
Chemical Inspection & Regulation Service Ltd (CIRS)**

Presenter biography

Ms. Cloris Pan has been working as a GHS specialist in the Chemical Inspection & Regulation Service Ltd (CIRS) for 6 years. Her primary role is providing GHS service to all clients, including SDS authoring/reviewing, label drafting, GHS training, etc. With a wealth of experience and in-depth understanding of global GHS requirements, Cloris provides valued consulting service regarding all GHS-relevant projects. As a professional consulting service firm, CIRS has completed more than 12,000 Safety Data Sheet (SDS) and labels in various languages in the past years. All of the documents are continuous maintained and updated as well. Cloris Pan holds a Bachelor's degree of chemical engineering in Tsinghua University in China and a Master's degree of polymers in the University of Sheffield in UK.

Presentation abstract

GHS requirements and inspections in China.

- 1) the basic SDS/label requirements in China;
- 2) the "100%" inspection project at Shanghai Port;
- 3) case sharing - SDS for imported chemicals.
